## Customer Reviews

First I want to say, I waited for this book to come out. And after reading it, I was a little disappointed.

The story took a completely different turn. I understand the whole concept the author is shooting for, but it just left me confused! All these new people were incorporated into the story, and then certain parts were rushed. And it seems like this book was based on Lexi, more than anybody else! I also didn't like what happened with Darius and Sandy...

I had mixed feelings about this story; first let me say it is a really good story and that is why I gave it 5 stars. I was happy about somethings that happened with the characters and unhappy about somethings that happened to them. This story made me feel like all the people who do evil win. I guess I will have to wait and read book 3 to see if the good people come out on top. I will end by saying there needs to be some happiness for two of the main characters.

This book definitely has me on edge. I wasn't expecting that there would be another part to it. I am on the edge of my seat about how the author will close this out. I was surprised to see that Melissa and Sandy's father linked up with Lexi's mom. They clearly don't run in the same circles. Now that Melissa is gone I have a theory about Darius's next relationship. Happy to see the relationship with God that the major players have in this book. I would recommend this book to anyone interested in a good read. There were slightly more errors in this one than part one, however still minimal. Interested to see how it will end

Sandy been there through everything with donate. Sandy they was gonna be together for ever but donate fell out of love. Darius and Melissa loved each other through everything that happen to them. I was happy they was gonna get married. I cried when Melissa didn't make it I bet Tyrone had something to do with it or Darius ex.

A true testament to it's title. We definitely have to choose wisely who we let into our lives. Not everyone is genuine, we always have to pay close attention to the actions of those in our lives, for actions truly do speak louder than words.

So those who do bad have happy endings? Part 3 has to be better than this...choose wisely isn't that the title? Please say Melissa one of the main characters is not dead. I am still rooting for Sandy and Dontae. I have so many questions like why do you have the father dating her..I guess love can do crazy things... poor Sandy she has to deal with loving herself, death and being around the ex...I am so disappointed in this book I couldn't wait to buy but of course I have to wait for part 3 ..
