Infinity Ring Book 5: Cave Of Wonders

Synopsis

Fix the past. Save the future. Europe is in the grip of the Dark Ages, but there is a light in the dark: Baghdad. The great city has become a center of learning, populated by scholars, merchants, and explorers from all across the known world. But danger lurks in the desert . . . and Dak, Sera, and Riq must act fast to save the world's greatest library from utter destruction.

Customer Reviews

This book is fun and fanciful and it teaches one a few things about history at the same time. I have not yet read the other books in the series, but now I want to read them all. This book would be especially fun to read as a family. Even young children could understand the story and it has enough excitement to keep the older children entertained. I certainly enjoyed it and I am a grandma! This author sure knows how to write a good book and I will continue to read everything that he writes.

I purchase this series of books for my 12 year old Grandson who has enjoyed this series. He uses these books for book reports in his 6th grade class.

I bought this for my son, he is 10. He read the first six and loved them, I recommended it. It is a good item. Thank you.

Just what my daughter wanted for her birthday and it got here just in time for her party. Thank you!
