## Synopsis

The hit BBC series is back! Big Finish bring new life to the popular Doctor Who spin-off, in a series of six new audio dramas. It's been three weeks since the Mayor of Cardiff was killed by a shop dummy and the fight is on to see who will replace him. Yvonne Hartman is visiting the city to retrieve an invaluable alien device. She's in charge of Torchwood One, she's saving the British Empire and she doesn't care about local politics. But she is going to find herself caught up in that fight. There's a bloodthirsty alien stalking the streets and there's a special offer on at the all-you-can-eat Chinese buffet. It's the 26th of March 2005 and it's the day that everything changes. The huge, and long-running public interest in new Torchwood adventures resulted in a server melt-down when this series was announced by star John Barrowman on his Sunday night radio slot. The popularity of these releases meant that a second series was greenlit only shortly after it began. The huge, and long-running public interest in new Torchwood adventures resulted in a server melt-down when this series was announced by star John Barrowman on his Sunday night radio slot. Dan Starkey and Catrin Stewart are two thirds of the much loved Paternoster Gang from the current run of television's Doctor Who.

## Customer Reviews

This was probably my favorite in the first Series of Big Finish's Torchwood Series. It was an excellent story, well acted and added to a lot to a character we only got to see in two episodes of Doctor Who and made me want to hear more of Yvonne's Torchwood adventures.

Loved it!
