A great companion piece to V. 1... using music to stimulate the memory, you'll be speaking survival German in no time.

Earworms are awesome. I have ordered them in French, Spanish , and now German. Very easy way to quickly learn and review a limited number of phrases, words, numbers ,etc. Can listen in the carwithout having to follow along in book, although i like to read the short lessons before I listen for the1st time.

This is a really wonderful CD. I wish they would create MORE of these types of Language CD's in German. I listen to it when I am awake and asleep. Totally love this format.....
