Ultimate Japanese: Basic-Intermediate: Compact Disc Edition (LL(R) Ultimate Basic-Intermed)

Synopsis

Learn Japanese at home or on the go with the most complete, up-to-date program available! Developed by the experts at Living Language, this deluxe course has everything you need to speak, understand, read, and write Japanese. Ultimate Japanese combines conversation with grammar and culture in an easy-to-follow, enjoyable, and effective format. **COMPREHENSIVE LESSON MANUAL** with **REFERENCE SECTIONS** 40 lessons: lively, authentic dialogues; vocabulary, grammar, and usage; cultural highlights; revised and updated with additional exercises, the latest in computers, the Internet, and more. **Reference sections:** summary of Japanese accents and particles; business and social letter writing; Japanese-English / English-Japanese glossary; **EIGHT COMPACT DISCS**: First learn at home: immerse yourself in Japanese -- listen and repeat with the all-Japanese recordings; follow along with the manual, which includes English translations; learn conversation, grammar, and culture. Then practice on the go: review and expand upon what you've learned; an English-speaking instructor guides you through each lesson; no reading required with these Japanese/English recordings; learn in the car, at the gym, anywhere! **INCLUDES:** Eight Compact discs; 528-page textbook.

Customer Reviews

This book takes a highly structured approach to teaching Japanese. Each lesson contains a clear and complete explanation of new grammar concepts, a table of new vocabulary for rapid memorisation, and example dialogue. It is positively jam-packed with information; there is not one

sentence that will not teach you something new. New concepts are explained one at a time, for easy assimilation and revision. There is an excellent index and table of contents; I still occasionally use the book as a reference. I didn't speak a word of Japanese when I bought this book, but within the year it took me to finish it, I had a solid understanding of basic Japanese grammar and a good foundation of common vocabulary. The vocabulary is well-chosen, reflecting the concerns of tourists, students and businesspeople. Both casual and polite grammar is shown. The accompanying tapes also complement the book nicely, teaching proper pronunciation. I highly recommend it as a starting point for anyone with the willpower to teach themselves Japanese. I found it far superior to the other beginner's books I have seen. It will not make you fluent -- no one textbook can do that -- but it will turn you into an intermediate-level student capable of learning with real Japanese material. That said, one thing this book does not put much emphasis on is how to read and write Japanese. Although there are many reading exercises, they are optional and can be skipped over. The Japanese in the book is almost entirely written in romaji (using our letters). The book does not provide an organized framework for learning the kanji ideograms: you will have to buy a specialized kanji textbook such as Heisig's *Remembering The Kanji*.
