[...] As an artist, I love love LOVE the art in this book, I think its not only beautiful, but perfect for children. My son spent a lot of time just studying every colorful page. We read it twice in the first sitting because he was so happy! He's not yet 1, so getting him to sit still for story time is tough, and this book was such a hit he sat through it with nothing but a big smile and lots of pointing to the stuff he liked on the pages. I highly recommend this book :) Get it get it get it!"â " Customer Review "Written in a very simple way but with a profound message for both adults and kids."â " Customer Review "I LOVED it. Lots of repetition to help 'lil ones get used to structure and words! Many different words being used to help them improve their vocabulary (or pick the best word!). Most importantly, it sends a good message about how being unique and different is good. I STRONGLY suggest you check this book out!"â "ESLCarissa.blogspot.com "readers will emerge from this book feeling slightly more confident about themselvesâ "whatever their size."â "ForeWord Clarion Reviews Tags: Bilingual Children's Books, Bilingual Books, Emergent Bilingual, Bilingual Education, Foreign Language Learning, ESL, English as a Second Language, ESL for Children, ESL for Kids, ESL Teaching Materials, EFL, English as a Foreign Language, EFL Books, EFL for Children, ELL, English Language Learner, EAL, English as an Additional Language, Children's Picture Book, Dual Language, Foreign Language Study, ESOL, English for Speakers of Other Languages

Customer Reviews

This is a good, short book that focuses on themed vocab (big, small, large, tiny, microscopic, etc), but follows the same grammatical structure. Good simple book for learning with a life lesson as well

Excellent book! Very cool girl character, interesting animals in a beautiful strange world! They are recognizable though and my daughter points to them each time. The story is about the size of our girl character and how it is relatively small with respect to some creatures and objects (like the moon) and how it is relatively small with respect to some other creatures at the same time. The point of the story is different of course but I like it because it is also a very early introduction to the concept of relativity! It is easy to read, I change it a little bit here and there but still works like a charm each time we read it! Very highly recommended to all those bilingual monkeys out there!!

Simple but effective
