Customer Reviews

I've just read Lisa can read. She can do so many other things too, like dance and bake a cake and run. It's a very politically correct book. The girl looks like she's enjoying herself and exploring the world. Its a good role model type book I think. Worth buying for your little one. Have a look at other books with kids enjoying themselves. If You Find A Monkey - Silly Rhyming Book (Rhyming for Children) It's still fairly child centred but introduced them to different objects and creatures.

It's hard to find a book for early readers if they just finish studying alphabets, but this book is easy for them to learn the certain rules to pronounce words. And it's fun

Very cute- my 2 year old son loves it! He can sit and look at books for hours and this is one of his favorites.

5 year old likes to learn to read with this book. Good choice of words to make easy to read.
