Customer Reviews

This book is a very good tool for children to learn the english and japaneese words for various items from family to pet's, toys and really all kinds of vocabulary. The pictures make it much more fun than a list of words to remember. This is such a good book I am getting another one for myself.

I was fortunate enough buy this book at a discount and compared to similar books that illustrate bilingual instruction, this Berlitz kids edition a good start - but I have seen better. Like so many other picture books that attempt to reinforce bilingual education, This Berlitz edition does good job of being a child-friendly picture book with twenty-seven illustrated scenes richly labeled in English and Japanese (in either Hiragana or Katakana - there is no Kanji in this book). The included audio CD contains an abridged pronunciation guide to some of the scenes in the book. What really stood out was a distinct disorder to the book by having adverbs and adjectives mixed with nouns when in this

I think this book is fun to learn Japanese. Kids like to look at the book. I wish the book had workbook too.
